Dear Parent/Carer

Armthorpe School Bus

As you may be aware, there have been capacity issues on the Armthorpe bus on an evening meaning there has not always been space for all pupils. As a school, we are reliant on First Bus Company to provide services since the withdrawal of the Brightbus service.

We have been working closely with First to try and rectify this problem and we are pleased that they have offered us an additional service on an evening. The bus company has to allow 8 weeks for any timetable changes to be made, therefore, this service will commence on 29th January 2018.

The service will pick up on Cantley Lane opposite the Upper School at 4.15 pm and run through Armthorpe and on into town using the same route as the morning 482.

This service is there to allow any pupils who are unable to get onto the first Armthorpe service as an alternative means to get home. Pupils living in Edenthorpe and the surrounding areas will be given priority on the first bus, as the new route will not service this area.

We will ensure that school is open for pupils to wait inside until the service arrives.

Attached is timetable for this service.

Kind regards.

Yours sincerely

M Allison
